

2021 Rulebook

Louisiana Stock Horse Association, INC

LaSH was started in 2006 by fellow horsemen to offer affordable, fun, and standardized ranch horse riding clinics and competitions. Rider knowledge and skills are taught to maximize horse trainability, performance and safety. The overall goal is to create better horses and horsemen.

The LaSH association not only wants to exhibit a broke stock horse, but also show horsemen how to break and train this horse. The events are designed to show the stock horse in competitive events as well as provide instruction on breaking and training a broke stock horse. The ideal Western Stock or Ranch Horse must be proficient in many areas of everyday ranch work to be a true all-around horse. The LaSH program is directed to this type of horse—a broke, competitive horse.

LaSH is an innovative partnership between interested horse users, breeders, ranchers, associations, and any interested organization(s). A special thanks to Louisiana State University Cooperative Extension for helping to facilitate in organizing this association to meet the present and emerging needs of and continuously strengthen the Louisiana western stock horse industry.

Clinics—Offer riders affordable, fun and standardized riding clinics in various locations in the state, where stock horse maneuvers are identified and rider knowledge and skills are taught (to maximize horses trainability, performance and safety), so that riders can develop nicer horses, improve their on-the-job performance, and enhance their riding pleasure.

Competitions/Evaluations—Offer riders standardized, practical, low-key, low-cost measurement tests, where horse performance is measured against a clearly defined standard, and rider skills are assessed against a proficiency standard, so that riders can make maximal rider skill progress in the most time efficient manner.

Promotion and Sales—Support sales companies and offer breeders and ranchers additional private treaty and public auction opportunities, where prospects and trained horses (at various levels) can be more objectively evaluated, promoted and sold with both seller and buyer satisfaction of highest priority.

Organization Services—Offer associations, organizations, stock horse shows, sales companies and other groups and/or individuals, serving stock horse clientele, assistance in planning educational programs and competitions/ evaluations, plus provide a forum for routine discussions on industry strengths, opportunities, weaknesses and threats, so that these groups can better serve clientele.

Positive Atmosphere—Provide all programs, activities and projects in the atmosphere of honesty, openness, personal growth and politeness toward fellow horseman, where horses are always respected, and where true western tradition is genuinely honored.

General Rules for Competition

General Rules for Competition or Clinics—All riders of horses showing in LaSH approved competition or clinics must be members in good standing or nonmembers must purchase a day permit. When entering any LaSH approved classes, entry forms must identify horse and rider.

❖ **Lame horses cannot be shown in competition.**

Etiquette—

- **No one can approach the judge at anytime during or after the show.**
- **Riders must be courteous and exhibit good sportsmanship at all times.**
- **Humane treatment of animals is mandatory.**
- **A grievance must be presented in writing to the competition committee.**

Safety—Any unmanageable horse will be asked to leave the grounds. This applies to all horses, but especially to Stallions. Any competitor or clinic participant riding a horse that is out of control will be asked to leave the premises. Judges will have the authority to blow a whistle at any time to **stop** and or excuse any exhibitor who is not in control of their horse. This is especially critical to the working cow class where the goal of this class is for the horse/rider to control the cow. To accomplish this goal, the exhibitor **MUST** be in control of their horse. Safety to the cattle is also important. We do not want to cause injury to any cattle.

LaSH Competition Divisions—A LaSH approved show offers eight (8) class divisions: **Open, NonPro, Jr. Horse, Amateur, Novice, 14 to 18 Youth, Youth 13 & Under, and 8 & Under.** LaSH competitions are open to any rider with any horse who is a current member, in good standing, of the Louisiana Stock Horse Association or nonmembers must purchase a day permit. **Competitions shall be divided into one of the following divisions based entirely on the ability of the rider, regardless of the horse they are riding with the exception of the Jr. Horse, Youth (14 to 18, 13 & Under) and 8 & Under divisions.** A rider may show more than one horse in a division. All awards—high point and class—(show and/or year-end) shall be based on each one horse/one rider team with the **exception** of the 8 & Under division—points will remain with one horse/one rider, but they will not have a high point award. If a rider competes on two horses he/she may win more than one money/points/awards in a class. Rider's ability will be assessed and the rider may be asked to move to another division.

OPEN DIVISION—is open to any member, in good standing, with any horse regardless of past winnings. An Open rider has received money and/or compensation for riding, training, and/or showing horses or training riders. The Open Division will be offered in both jackpot or non jackpot. Points will not change.

NONPRO DIVISION—is open to any member who has not received money within the last five years for training or showing horses.

- **Once a contestant has shown in the Open, NonPro, and/or Jr. Horse division and has won High Point Year-End or High Point at the Finals Championship, they cannot ride in the Amateur nor Novice Divisions. If a contestant in any division has gone down the fence to turn a cow, they cannot move back down to the Amateur Division to compete.**

AMATEUR DIVISION—is open to upper-level novice riders, in good standing, who have never received money for riding, training, or showing horses and have consistently placed in the Novice Division. Once an **Amateur rider has won the Amateur Division High Point for the year, they must move up to one of the next divisions with the exception of the Working Cow Class only. They may compete in the Working Cow class and the points will count only for the Amateur Working Cow Class; with the exception of a Youth—Once a Youth rider turns eighteen (18) and has previously won the Amateur and/or Novice Division (s) High Point, they cannot go down to the Amateur nor Novice Division.** Rider's ability will be assessed and the rider may be asked to move to another division. **If a contestant in any division has gone down the fence to turn a cow, they cannot move back down to the Amateur Division to compete in any Amateur Classes.**

NOVICE DIVISION—is open to beginners or novice members, in good standing, who have never received money for riding, training, or showing horses. **Novice High Point winner for the year can no longer compete in the Novice division.** Rider's ability will be assessed and the rider may be asked to move to another division. **If a contestant has won money in any cutting horse competition (including LaSH Open Jackpot), they cannot compete in any class in the Novice division.**

JR. HORSE DIVISION—will be open to any horse five (5) years and under age effective January 1. For example, a horse that turns 3 on April 12th is considered a 3 year old January 1. **Age must be verified by providing a copy of registration papers or veterinarian certificate.** If challenged, a committee will be appointed to mouth the horse.

- **When youth age out of the youth classes, they should be required to show in the appropriate division based on the skill level as evaluated by the board or based on competitiveness in classes/divisions they have previously shown in (for example—a youth showing in the Open or NonPro division and is very competitive). The object is not to penalize them for showing in higher divisions but competing on their level of skill and appropriate division.**
 - **Youth must ride in their youth age group only. If the youth rides up, the youth must ride in a class not designated for youth—Must be Novice, Amateur, Jr. Horse, NonPro, and/or Open.**

14 to 18 UNDER YOUTH DIVISIONS—Age of the youth member will be determined as of January 1 of the current year of the current show season.

13 and UNDER YOUTH DIVISIONS—Age of the youth member will be determined as of January 1 of the current year of the current show season.

8 AND UNDER YOUTH DIVISION—Age of the youth member will be determined as of January 1 of the of the current show season. This division will compete in Ranch Pleasure and Ranch Trail only. This exhibitor is allowed a designated coach in the arena, but the coach cannot touch the rider or horse unless there is an emergency. **The exhibitor cannot be led by anyone with a lead rope or reins. The 8 and Under exhibitor is the only exhibitor allowed the use of roping reins. They may use split reins.** The points will count toward year end class awards, but will not count toward any high point awards.

A horse may be shown in any division by eligible riders, but **may not** be shown in any class within a division more than once. Any reported violation of division eligibility will be reviewed by the executive committee of LaSH. If horse and/or rider are found to be in violation, they may be barred from further LaSH competitions and any year-end awards will be forfeited.

Year End Awards

Participation Award—A member must participate in at least six (6) LaSH sanctioned shows to receive a participation award. Once qualified for the Finals, the member may enter any class(es) and ride any horse(s), but must compete in their respective division or compete at a higher class level.

Year End High Point Awards—Will be awarded to the one horse/one rider with the most points in each division, with the exception of the 8 and Under Division. Horse/rider combination must have competed in 60% of the approved shows in all four (4) of the five (5) classes, 1 of which is a cattle class. After the 60% quota is attained, all points will be counted toward the Year End High Point Award. The Year End High Point Award will be based on the total number of approved shows.

Tie Breaker(s) for All-Around/High Point Individual Class Ties—All-Around ties for each competition and year end awards will be broken by awarding the high point award to the horse/rider with the highest placing in the working cow class. If this does not break the tie, the other classes will be used in the following order, cutting, reining, trail and pleasure. If a tie occurs in an individual class, the tie will be broken with the most 1st places followed by 2nd, 3rd, etc.

Year End Individual Class Winners—If a rider competes on multiple horses, points will remain with the horse/rider combination for the Year End Individual Class Award. The Year End Individual Class winners will be based on the total number of points earned at the total number of shows.

Hardship Clause—Exhibitor may petition the Board of Directors for a hardship or extenuating circumstance in the case of either the horse or rider. The **hardship** must be preapproved by the board prior to the next show. This applies to the rider/horse combination and if granted, the original horse must be out of competition for the remainder of the year for the new horse to qualify. Hardships will be granted on a very limited basis.

Finals—A Finals competition will be held. To compete in the year-end Finals, a member must have competed in at least six (6) of the LaSH sanctioned shows. Once qualified for the Finals, the member may enter any class(es) and ride any horse(s), but must compete in their respective division or compete at a higher class level.

- Tie-breaker—if a tie-breaker is needed, the judge's scores from each performance will be added together. The higher score will determine the placing. The second tie-breaker will be the judge's score from the second day.
- Must be present to receive Finals award(s) or have a designee to get your award or forfeit the award.

Awards will be determined by the overall financial status of LaSH as determined by the Board of Directors and Executive Committee.

Show secretaries will total individual scores and check for accuracy. **Tie-breakers will be used in the order of maneuvers (starting with the first maneuver) listed on the score sheet to place the class on points earned.** The class score sheets will then be posted as soon as possible after each class to allow riders to evaluate their performance.

LaSH Ranch Cutting Class – 1¼ minutes (75 seconds)

This class serves to measure the ability of the horse and rider to remove a single cow from the herd and maintain control of the cow without disturbing the herd excessively for the time required. Rider may assist the horse with minimal reining and spurring. Horse and rider will be scored on herd work, working advantage, and

ability of horse to maintain control of the cow selected. Points will be deducted for losing a cow, losing working advantage, and excessive reining or spurring. Herd holders are to help control the herd, but the cutter should take the initiative to make the cut. The run will consist of one cow per contestant. If a cow escapes the working area (goes behind the judge) during a run, time will be stopped until the cow is returned to the working. **If the contestant loses the cow, they may get a second cow to complete the 75 seconds.** The Ranch Cutting will be divided according to divisions.

Scoring the Ranch Cutting—Scoring will be from 0 – 80 with 70 denoting an average penalty free run.

LaSH Working Cow Horse Class – 3 minutes (Open & NonPro Divisions)

The Cow Work Class has been designed to demonstrate and measure the horse's ability to do cow work. Holding the saddle horn is permitted in this class. Time will start when the cow enters the arena. There will be a 3-minute time limit per horse to perform the cow work. At 3 minutes, the announcer will call time. If a contestant completes the work before the 3-minute time is completed, the judge should blow a whistle to indicate that all requirements of the class have been met. The judge may also blow a whistle at anytime for the contestant to cease work for safety reasons. If a contestant is satisfied with their work, prior to the 3-minute limit, they may raise their hand and quit working. Judges will give credit for what they have seen. If a cow leaves the arena for any reason or the judge grants the exhibitor a new cow, the time will start over. Only a judge may award a contestant a new cow to replace an unworkable cow. The work in the cow horse class will consist of the following three parts.

Part One—Boxing the Cow— One yearling heifer or steer will be turned into the arena. Cattle will be gate cut. The rider shall ride to the middle of the arena, face the cattle entry gate, and signal for their cow to be turned into the arena. **Upon entry into the arena, the cow shall be controlled on the entry end of the arena for a sufficient amount of time to demonstrate the horse's ability to "hold" the cow.** If the cow does not immediately challenge the horse, the rider shall aggressively move in on the cow to demonstrate his horse's ability to drive and block the cow on the entry fence.

Part Two—Fence Work—After the cow has been controlled on the end of the arena, the rider shall deliberately release the cow and drive it down the side of the arena. The cow should be turned on the fence **before the penalty markers** at least once in each direction. The first run out for a turn shall be past the half-way mark of the arena. No points will be added for more than one turn in each direction. Markers will be placed at the 1) center of the arena; 2) 1 point penalty marker for cow work shall be placed at each corner of the arena, and 3) 2 point penalty marker for cow work shall be placed a minimum of 20 feet past the 1 point penalty marker. **NOTE: If roping—the 2nd turn must be completed and the horse must be facing the cow before pulling the rope.**

Points deducted:

- 1 point deduction if turn is past first (1st) end marker
- 2 points deduction if turn is past second (2nd) end marker

Part Three—Optional Roping or Circling—For the third part of this class, the rider has the option to either rope and stop the cow or to take the cow to the middle of the arena and circle it at least once each direction. A rider may circle or rope the cow, but cannot combine the two to get credit for this portion of the class.

Circling—should be both left and right: After turning the cow on the fence, the rider should drive the cow off of the fence and circle it once in each direction. The cow should be driven in a circle. Degree of difficulty should be taken into consideration when awarding points (extreme speed of the cow, stubbornness of the cow or the cow's refusal to move).

Roping—points for roping and stopping: To rope the cow, the rider must be carrying a rope when the class starts. The rider may pull up after the fence work, take down the rope, and proceed to rope and stop the cow. If a contestant pulls his or her rope they must rope and not circle. A contestant may not throw one loop, miss, and then decide to circle the cow. The rider may only throw two loops. Failing to catch does not necessarily mean a score of zero for this portion of the class. A horse may be given credit for rating and tracking, but should not be scored higher than a horse that has also demonstrated the ability to stop and hold the cow. The cow should be tracked, roped and stopped **slowly**. After stopping the cow, the rope is to be released. Should a rider choose to rope the cow, the rope may be attached to the horn with a string such that the rope will breakaway from the saddle horn once the rope comes tight. **There will be a mandatory 10 point reduction if a rider chooses to use a breakaway rope.** In addition, should the rope breakaway from the horn prior to coming tight, this will count as a no catch.

All maneuvers shall be scored whether completed or not.

- not turning a cow once in each direction
- changing sides of arena to turn a cow

LaSH Working Cow Horse Class – 2 minutes

(Jr. Horse, Amateur & Novice Division)

This class has been designed to demonstrate and measure the horse's ability to do cow work. Holding of the saddle horn is permitted in this class. After calling for the cow, there will be a two minute time limit for cow work in this class. At two minutes, the announcer will call time. If a contestant completes the work before the two minute time is completed, the judge may blow a whistle to indicate that all requirements of the class have been met. The judge may also blow a whistle at any time for the contestant to cease work for safety reasons. Once a rider feels he/she has demonstrated their ability to hold their cow on both ends of the arena, they may choose to wave off the cow regardless of time left. However, should the judge feel they failed to demonstrate that ability, they will be scored accordingly. **ALL RIDERS WILL BE DISQUALIFIED FOR RIDING WITH TWO HANDS ON REINS WITH A CURB BIT.**

The Working Cow Horse Class will consist of the following three parts:

Part One – Boxing the cow – The rider shall face the cattle entry gate. The rider shall signal for their cow to be turned into the arena. **Upon entry into the arena, the cow shall be controlled on the entry end of the arena for a sufficient amount of time to demonstrate their horse's ability to "hold" the cow. When boxing the rider should drive the cow back and forth across the arena, release the cow and drive around the corner.** If the cow does not immediately challenge the horse, the rider shall aggressively move in on the cow to demonstrate his horse's ability to drive and block the cow.

Part Two – Set Up Cow and Drive Down Fence to Opposite End of Arena – After the cow has been controlled on the entry end of the arena, the rider shall set the cow up for driving down the side of the arena. When coming out of corner, the horse shall be close enough to cow to demonstrate control with cow against the fence. This distance and control should be maintained for approximately 3/4 the length of arena. Rider will then stop and release the cow and move horse toward center of arena to set the cow up for boxing.

Part Three – Boxing the Cow at Opposite End of Arena – The exhibitor will regain control or "hold" the cow at end of the arena to demonstrate the horse's ability to "hold" the cow.

Part Four – JR. HORSE AND AMATEUR DIVISION ONLY – Drive the cow back down the fence past the middle marker and release the cow or until the judge blows the whistle to show completion.

NOTE: Judge may blow whistle at any time to terminate the work.

LaSH Working Cow Horse Class – 50 Seconds (Youth 14-18 and 13 & Under Divisions)

This class has been designed to demonstrate and measure the horse's ability to do cow work. Holding the saddle horn is permitted in this class. This class has been developed for youth riders as an entry level working cow horse class. The rider will enter the arena and face the cattle entry gate. After calling for the cow, the rider will have 50 seconds to work the cow. At 50 seconds, the announcer will call time. The judge may blow a whistle at anytime for the contestant to cease work for safety reasons. Judge will give credit for what they have seen. If the judge feels that the rider has completed the cow work, he/she can blow a whistle to indicate the completion of the run.

Youth will not be penalized for riding with 2 hands in the YOUTH DIVISION ONLY. Credit will be given for riding with 1 hand.

Boxing the Cow—The rider shall signal for their cow to be turned into the arena. **Upon entry into the arena, the cow shall be controlled on the entry end of the arena for one minute to demonstrate the horse's ability to "hold" the cow.** If the cow does not immediately challenge the horse, the rider shall aggressively move in on the cow to demonstrate his horse's ability to drive and block the cow on the entry fence.

Scoring the Youth Working Cow Horse Class—Same penalties as Jr. Horse, Amateur and Novice with the exception of two (2) hands on the reins with a curb bit or romal. **This is riding in the Youth class only.**

Schooling Class (2 minutes)

The purpose of this class is to allow members an opportunity to school their horse or practice in a working cow competition setting. The rider will be given a maximum of two (2) minutes or until they run out of cow to box or box/drive/box or box/fence/circle. This will be open to every member and will be the last class of the day. The Schooling Class will be a noncompetitive class and will not be judged. The rider will enter the arena and face the cattle entry gate. After calling for the cow, the rider will have two (2) minutes to work the cow. LaSH can cease work for safety reasons.

This class will not count towards year-end or high point points and will not have any awards attached.

LaSH Pleasure Class

This class serves to measure the ability of the cow horse to be functional and a pleasure to ride while being used as a means of conveyance from one western stock horse task to another. This horse should be well-broke, relaxed, quiet, soft and cadenced at all gaits. The horse should be ridden on a relatively loose rein with light contact and without requiring undue restraint. The horse should be responsive to the rider and make all required transitions smoothly, timely and correctly. Horses shall be shown individually at the walk, trot and lope in both directions. The trot and lope will be extended in one direction only. The class may be conducted inside or outside of an arena. Markers shall be setup to designate gait changes or called on the public address system. If the class is held inside of an arena, the pleasure course shall be setup to make approximately one circle of the arena in each direction. If open terrain is available, the class may be held outside an arena. The pattern may be started either in the left or right direction. Any one of the three (3) patterns may be used. Open, NonPro, Jr. Horse, Amateur, Novice, and Youth Pleasure patterns may be changed to include different maneuvers within the Pleasure pattern—trot overs, circles, serpentine—8 and under will run the regular patterns.

All Trots are Seated Trots; only Extended Trot can be seated or posted.

Pattern 1 – Walk, Trot, Extended Trot, Lope, Stop & Reverse, Walk, Lope, Extended Lope, Trot, Stop & Back

Pattern 2 – Lope, Extended Lope, Walk, Trot, Stop & Reverse, Extended Trot, Trot, Walk, Lope, Stop & Back

Pattern 3 – Trot, Extended Trot, Walk, Lope, Stop & Reverse, Walk, Trot, Lope, Extended Lope, Stop & Back

Pattern 4 – Walk, Lope, Trot, Extended Trot, Stop & Reverse, Extended Lope, Lope, Walk, Trot, Stop & Back

Pattern 5 – Trot, Walk, Extended Lope, Lope, Stop & Reverse, Extended Trot, Walk, Lope, Trot, Stop & Back

Pattern 6 – Walk, Lope, Extended Lope, Extended Trot, Stop & Reverse, Trot, Lope, Walk, Trot, Stop & Back

RIDERS WILL BE DISQUALIFIED FOR RIDING WITH TWO HANDS ON REINS WITH A CURB BIT. Youth will not be penalized for riding with two (2) hands in the Youth Division ONLY, but credit may be given for riding with one hand. **HOWEVER, YOUTH RIDING IN OTHER DIVISIONS WILL BE DISQUALIFIED FOR RIDING WITH TWO HANDS ON REINS WITH A CURB BIT.**

When transitioning from the extended trot to the lope, it is permissible to take the horse back a bit (collecting) before loping. The reverse may be executed in either direction.

Description of Ideal Pleasure Gaits – The ideal pleasure horse will have a level head carriage – neither too high nor too low.

Walk – A stock horse pleasure walk should be straight, square, flat footed, relaxed and should move out freely with horse looking ahead.

Seated Trot – This gait should be a square two-beat diagonal seated trot. The trot should be steady, soft and slow enough for riding long distances. Trots which are rough and hard to sit should be penalized. Excessively slow and uncadenced trots should also be penalized.

Extended Trot – The extended trot may be ridden with the rider either posting or standing to the front of the saddle in the stirrups. Holding the saddle horn is permissible at this gait as might be done in open terrain. The extended trot should show an evident lengthening of stride from the regular trot with the same cadence that will cause an increase in speed. This trot should be level, flat and steady with the appearance that the horse would hold this gait for an extended distance.

Lope – This gait should be a three beat gait that is cadenced, straight and steady and is comfortable to ride over long distances.

Stop (from both lope and trot) – The horse should be in the correct stopping position with both hocks engaged and stopping on the hindquarters.

Reverse – A horse should turn briskly and flat with front feet on the ground and holding an inside rear pivot foot.

Extended Lope – This gait should be an obvious lengthening of stride from the previous lope, be at the same cadence and cause an increase in speed while being under control.

Part of the evaluation of this class is on smoothness of transitions. There is no advantage to making these transitions with cues that are imperceptible to a judge. These horses have been trained to respond to cues. To see these cues applied discretely and the horse responding correctly could be a credit earning situation. All transitions should be smooth. Please note the rules allow for a horse to be taken back (collected) a bit from the extended trot as the horse moves into the lope. The transition from the extended lope down to the trot is very difficult to achieve, however, a good stock horse will have to make this transition several times during a day's work. This transition is down to the normal or sitting trot not the extended trot. Therefore, an extra cue to achieve this gait is expected. Horses that complete this total transition within three strides calmly and obediently should be rewarded. Horses that bring the hocks together to go into a stopping position should be penalized according to the magnitude of the error.

Scoring Stock Horse Pleasure – Each gait, including transitions, will be scored from 1-10 with ½ points applicable. There will be 5 scores in each direction for a total of 10 scores and a maximum of 100 points for each horse's work. The scoring guide for each maneuver, including transitions, is as follows:

- 1-4 Points – Major faults – wrong lead, broken gait, lack of control, failure to perform requested gait, etc.
- 5-8 Points – Average quality of movement of gaits and transitions with some or no faults
- 9-10 Points – High quality mover that is functionally correct in all gaits and transitions well-mannered and responsive, soft and cadenced in all gaits.

LaSH Trail Class

The trail class, as the name implies, tests the horse's ability to cope with many situations encountered in everyday ranch work. The horse is ridden through a pattern of obstacles and is judged on his ability to negotiate them correctly. It is required that the horse be asked to trot and lope during the event course. No less than six and no more than eight obstacles can be used in this event. Obstacles may be placed in any order and location, however, obstacles should nearly approximate those found on the ranch during the course of everyday ranch work. Show committees have the option of setting up the trail course to best fit their arena conditions. Each single performance event can be time-consuming, especially with large classes, so it is imperative that time restrictions are placed on this class. The show committee, either through a pilot run or estimation, shall select a reasonable course that can be negotiated in a reasonable amount of time (4 minutes or less). The actual trail course cannot be made available to exhibitors or posted prior to the day of competition. **The course may be walked on foot, but no horses are allowed on trail course prior to competition.**

RIDERS WILL BE DISQUALIFIED FOR RIDING WITH TWO HANDS ON REINS WITH A CURB BIT. Youth will not be penalized for riding with two (2) hands in the Youth Division ONLY, but credit may be given for riding with one hand. **HOWEVER, YOUTH RIDING IN OTHER DIVISIONS WILL BE DISQUALIFIED FOR RIDING WITH TWO HANDS ON REINS WITH A CURB BIT.**

Trail Class Obstacles —Each course will have a maximum of eight (8) obstacles up to 10 scores and a minimum of six (6) obstacles. New obstacles may be added at any time provided they can be found in everyday ranch work. Tarps and culverts will not be used.

Following is a list of obstacles from which selections can be made, but not limited to:

Open & close gate (may change hands to open and close)	Do side pass maneuver	
Walk over bridge	Carry bucket	Walk over water obstacle
Ground tie	Pick-up feet	Walk through brush
Jump over obstacle	Lead at the trot	Trot or lope over posts
Swing rope	Load in trailer	Back thru, in, or around selected areas
Step in & out of obstacle	Put on slicker or coat	Drag obstacle with rope
Open gate on foot	Pick up and/or carry slicker or rope	Rope dummy steer head

All of these obstacles are not necessarily suitable to the Novice and Youth Divisions, notably the rope obstacles. Therefore, we recommend that concern for the safety of Novice and Youth Exhibitors be a criteria in selecting obstacles for the Novice and Youth Division. If eight obstacles are used in the Open Trail Class, one or two of these obstacles can be omitted for the Novice and Youth Division.

The Trail Pattern will be submitted to the Trail Committee prior to the show in order to make sure that the pattern flows, is workable, and is time efficient.

Scoring Stock Horse Trail Class — Horses will be scored from 0 to 100 with a 70 score denoting an average penalty free run. The pattern is broken down into maneuvers to be scored +/- 1½ points on each maneuver depending on the quality and degree of difficulty.

Quality Score — Each maneuver receives a quality score denoting the correctness and degree of difficulty of the maneuver. The scores will range from a -1½ to +1½ depending on its quality. Half points can be used, a "0" score being average. **RIDERS WILL BE DISQUALIFIED FOR RIDING WITH TWO HANDS ON REINS WITH A CURB BIT. Youth will not be penalized for riding with two (2) hands in the Youth Division ONLY, but credit may be given for riding with one hand. HOWEVER, YOUTH RIDING IN OTHER DIVISIONS WILL BE DISQUALIFIED FOR RIDING WITH TWO HANDS ON REINS WITH A CURB BIT.**

Scoring is made on the ability of the horse to negotiate obstacles clean, correct, briskly and without undue hesitation. The rider has the option of eliminating any obstacle and taking a penalty score of "-5" for the missed obstacle. **A judge may ask a horse to pass on an obstacle after three refusals or for safety concerns.** The Trail Class is a pattern class. All riders should complete the pattern as posted. Any deviation will result in a reduction of total points awarded.
